---

Special thanks to Dale Smitchger for donating the proceeds of his sprinkler blow-out project to SRK for track improvements. Many SRK members had Dale blow out their sprinklers and he donated the proceeds to the club. This amounted to \$480. Thanks again Dale for your hard work

The idea behind this fund raiser was to utilize a skill that can be offered for sale and donate the profits to the club. We have many talented club members who may have skills they can sell to do other fundraising projects. (e.g. Computer Repair, Auto Mechanic, Seamstress, the list could go on and on...) Something to think about.....

Ray Smith shared another fundraiser project with the club members at the last club meeting. This project is still in the planning stage and will be at Fastlanes Indoor Kart Racing so you know it will be fun. More details to come so keep an eye on this website.
