Starting the 2022 season, just like at kart Idaho Jr1 novice will be ran as a non-championship points class at SRK. The goal for the Novice class is for young new driver to improve skills, develop good racing habits and build speed to be able to compete with the regular Jr1 group. If no season points will be lost, then the driver has less pressure for results, they can focus on improving and moving up can happen at any time without the risk of loosing out on a championship.
